Intertown Girls Softball League

Updated 3/20/2025

Minors Division - 4-5th grade (Juniors)

Purpose:

To promote, develop, administer and instruct players in softball. The emphasis shall be FUN and SKILL DEVELOPMENT with maximum participation leading towards learning in a recreational environment. Winning is a byproduct of the recreational activity rather than the only product. The philosophy of winning at any cost shall not be adhered to by participants and coaches in the Intertown League.

Rules:

*The league will be governed by the rules according to the
Official ASA Slow Pitch Rules
with the exception of the pitching rule and the following:*

1. Batters will be given an option to take a base when hit with a pitch or to continue the at bat. **A dropped third strike will be considered an out.**
2. No restriction on innings pitched (starting pitcher may remain in until coach removes her) however, the league encourages each team to develop and use several pitchers during the course of the season if possible. Pitching distance is 35'. The pitch should be as flat as possible.
3. Pitchers are required to wear fielding masks.
4. Every player **MUST** play a minimum of three innings per game. If a player cannot play three (3) innings due to discipline, illness or injury, the opposing manager must be notified of the situation as soon as possible in order to avoid a protestable rule violation.
5. Free substitution will be in effect, whereas each manager has the option of taking a player out of the game and still being able to put them back in the game anytime during regulation play after they have set out a minimum of one full inning. The batting lineup does not change when making a substitution. Substituted player will bat in the spot of the player they replaced.
6. Minors Division will play with a 60' base path.
7. Each team will field ten players. Extra fielder is a rover and as such can play anywhere in the outfield (5 infielders are not allowed with the dividing line between infield and outfield being where the grass and infield meet). Nine players is permissible. Seven will result in a forfeit at start time. If a team drops below nine players during the course of the game, the manager of the affected team has the option of continuing the game or forfeiting.
8. All players at game will bat regardless of defensive play. Batting order does not change during the game. Lineups must be exchanged between managers before the start of the game.
9. Three (3) outs per inning or the six (5) run maximum; however, in the final inning (either the 6th or determined by the umpires based on the time of the game) three outs must be made. Home team must bat in final inning, or game is determined by the score at the completion of last full inning.

10. A 10 run, 5th inning rule shall be in effect. If one team is winning by 10 or more at the end of the 5th inning or the completion of any inning thereafter, the game is over.
11. There will be no bunting, no stealing (player must remain on the bag until the ball is hit), and no infield fly rule in this Minor Division. Players may continue to advance bases till the ball is returned to the pitchers circle. If the ball goes out of play, they will be awarded one extra base.
12. An 11" yellow softball will be used by all teams. (nonrestricted)
13. USA or ASA Bats ONLY, all types allowed with USA or ASA stamp.
14. Game start time will be noted on the schedule, forfeit time is 15 mins after the scheduled start time. You may add latecomers (15 min from start time only) to the lineup. If a game ends in a tie, one extra inning will be played (conditions permitting).
15. Game end time due to darkness or weather is an umpire decision. Coaches please use your good judgement and consider the safety of your kids. If you think it is unplayable or unsafe you can stop the game. Your kids safety is more important than a complete inning!
16. Sliding is permitted and it is STRONGLY recommended that players be encouraged to wear long pants. NO JEWELRY. Rubber spikes are permitted. Catchers MUST wear protective helmets, shin guards, chest protectors and throat protectors. Helmets must be worn by batters and base runners. If a runner loses the helmet (accidentally) during the course of a run or play, they will NOT be called out. However, if a runner removes the helmet for any reason, they will be immediately called out and any run or runs scored during this violation will be determined by the umpire at the time of the violation.
17. Home team is designated on schedule. Home team will provide game balls and occupy third baseline bench.
18. Only the manager has the right to confer with the umpire during the course of the game. Ground rules to be discussed before the game starts.
19. UNSPORTSMANLIKE CONDUCT by the managers, coaches, or players WILL NOT BE TOLERATED. After one warning by umpire, offender will be dismissed from the game. Additional disciplinary action may be taken by the manager or Recreation director if offensive conduct warrants.
20. The Home team manager whose field you are playing on will be responsible for communicating any cancellations, up to 4:30pm. If the game has not been canceled by 4:30pm, you must assume the game is on as scheduled, and the umpire shall determine whether the fields are playable. Additionally, the umpire has the right to call the game once it is underway. If the umpire calls a game before 4 and one half innings (home team must bat if losing) because of weather or darkness, the game will be suspended and resumed as soon as possible on the affected field.
21. If an official rainout is called or the fields are unplayable, the home team manager will attempt to schedule a make up game. When game is rescheduled, home team manager will contact the other manager (at least 2 days notice) and inform them of date, time and place. If either team does not show up for rescheduled game they will forfeit. If home team manager cannot or does not reschedule game, home team will forfeit. (Please contact other towns if you do not have field available, often there are fields free in other towns.)
22. Each town is responsible for supplying their own umpire and preparing the field, when the game is played at their field.
23. Please understand that insurance coverage (medical) remains the responsibility of each town or organization that has registered individual players with entry fees and parental consent. Administrative fee does not include medical insurance coverage. Any injury that occurs during the course of a game must be reported immediately to your affected League or Recreation Director.
24. Winning team is responsible for reporting scores to League Commissioner, Gregg Snyder, at greggsnyderjr@gmail.com or somerville.baseball.inc@gmail.com, or through text at 908-210-6252. Scores should be reported no later than the morning after the game has been completed.
